WHO ARE WE?

Reforma is 100% dedicated to producing private label products that are safe, clean, and simple. We use the fewest possible ingredients to produce the purest products possible. Why is this so important?

Unregulated cosmetic products with unhealthy ingredients and poor manufacturing processes are flooding the marketplace, putting consumers at risk.

We believe that we have a duty to protect consumers and produce the healthiest, safest, cleanest products possible for any price point.

Our Partners

Reforma Group utilizes Xela Pack for select sample, trial, and retail-size packaging, offering standardized container options designed for small-format production runs and market-ready presentation.

About the Process

01

Consultation

We begin by understanding your brand vision, target market, and product goals to define a clear development path.

02

Formula Selection or Creation

Select from proven formulas or work with our R&D team to develop a custom formulation aligned with your brand and regulatory needs.

03

Sampling & Approval

Samples are prepared for evaluation, allowing refinements before final production approval.

04

Packaging Coordination

We assist with packaging selection and compatibility to ensure functionality, aesthetics, and production readiness.

05

Compliance Review

Formulas and labels are reviewed to meet FDA and international regulatory requirements.

06

Manufacturing

Products are manufactured under strict quality standards to ensure consistency, safety, and performance.

07

Filling & Labeling

Finished products are filled, labeled, and inspected to ensure accuracy and premium presentation.

08

Delivery & Support

Products are prepared for shipment, with continued support for future launches and growth.

EXTRA SERVICES

Beyond manufacturing, we provide value-added services to support your brand from concept to market. Our team combines creative, technical, and educational expertise to help launch confidently, communicate clearly and grow strategically.

Graphic Design / Photography

Brand-aligned labels, packaging, photography and marketing assets.

Product Knowledge

Guidance on formulations, ingredients, and claims education for sales teams and brand partners.
